NO-TOUCH CATERING

---

We've created these items to eliminate shared tongs and serving pieces and prevent cross-touching. All boxes include packaged cutlery sealed with sanitizing packets.

We're here to help you find your comfort zone. In addition to our normal parameters, we're pleased to offer.

## CONTACT-FREE DELIVERY

Need to avoid delivery person contact? We've got a plan for that. Since every facility is different, we ask that you contact us to help us work through the details.

## SAFETY SERVERS

Need a Hot Menu, Conventional Buffet or Reception? Let our masked & gloved servers handle the tongs from a distance and make a plate for you. Tables & paper coverings included if required.
